**CABLE CENTER TO HOST 2010 CABLE HALL OF FAME CELEBRATION  
DURING CABLE CONNECTION SPRING**

**DENVER** –The Cable Center announced today that it will move its 13<sup>th</sup> annual Cable Hall of Fame Celebration to Cable Connection Spring, a week of cable industry events uniting major industry associations, conferences and meetings in Los Angeles, May 11-14, 2010. The event, traditionally held in the fall, will take place May 11 at the JW Marriott Los Angeles at LA Live, in conjunction with the National Cable and Telecommunication Association's (NCTA) Cable Show.

“The Cable Center’s Cable Hall of Fame celebration is a great fit with the Cable Show 2010,” said Kyle McSlarrow, president and chief executive officer of NCTA. “The Cable Show, which annually attracts virtually all of the key players in cable, offers the perfect opportunity to honor the leaders and innovators who have had such an enormous impact on our industry, and on our society at large.”

“We are delighted to have the opportunity to honor the best in cable during the NCTA Cable Show - our industry’s biggest gathering of the year,” said Michael Willner, vice chairman and chief executive officer of Insight Communications and chairman of The Cable Center's board. “Last October’s Cable Hall of Fame Celebration was a great success, and we couldn’t wait to celebrate with our industry friends again. We look forward to adding a wonderful night of networking, stories, conversation and fun to Cable Connection Spring this year.”

The Cable Hall of Fame event includes a cocktail reception and dinner program. The Class of 2010 Cable Hall of Fame Inductees will be announced in the coming weeks. For more information on the Cable Hall of Fame celebration, visit [www.cablehalloffame.com](http://www.cablehalloffame.com).

**About The Cable Center**

The Cable Center is a 501(c)(3) nonprofit organization that is a leading resource for information, education and expertise on cable telecommunications. Based in Denver, Colo., The Cable Center unites the cable community by preserving and celebrating cable’s enduring contributions to society; building bridges between cable and higher education; and bringing together industry participants to share ways to better serve its customers. The Cable Center's program areas include the Cable Mavericks Lecture Series, Customer Care Central, Learning and Development, the Cable Hall of Fame and the Barco Library.
